Because they are paying to be a part of our organization, we feel that it is very important to be prevalent and active in our community. Because of that, we feel the following things are necessary of our Executive Director:

- Make in person contact with our members as often as possible or when extra time allows
 - Our goal is to see each paying member once per quarter at the very minimum
- Visit with potential members and encourage them to join the Chamber
 - Keep our potential member packet up to date so it can be presented at any time
